

Declaration of Commitment of Barcelonaβeta Brain Research Center (BBRC) to the principles of “The European Charter for Researchers” and “The code of conduct for the recruitment of researchers”

The Barcelonaβeta Brain Research Center welcomes and supports the recommendation of the European Commission 2005/251/EC on both “The European Charter for Researchers” and “The code of conduct for the recruitment of researchers”.

Having endorsed the 40 principles of Charter and Code, the BBRC notify you about our commitment to get involved into the process of implementing a Human Resources Strategy for Researchers (HRS4R) in our institution.

By adhering to these recommendations, the BBRC reinforces its efforts to create an adequate framework for researchers, helping them to develop their careers, and at the same time contributes to the development of the European Research Area.
